

TOMORROW'S WORKFORCE COALITION

Paid Membership Tiers

As we approach the beginning of the 119th Congress and the Trump Administration, the Tomorrow's Workforce Coalition is redoubling our efforts to ensure that the ***Freedom to Invest in Tomorrow's Workforce Act*** is signed into law. The first major priority that Congress will tackle in the new year is comprehensive tax reform legislation. We do not want to miss our chance to have our bill - which amends the federal tax code - included in this broad tax package that Congress will consider.

The Tomorrow's Workforce Coalition has been a no-cost coalition to this point and will maintain a no-cost membership level. However, given the urgency to ensure that we take full advantage of this important legislative vehicle, the Coalition will be launching paid membership levels to allow the Coalition to significantly expand its advocacy activities.
